

General plan of the conference

	10.04.2022	11.04.2022	12.04.2022			13.04.2022			
10:00			Workshop Nutrient recovery from decentralized operations			Workshop Workshop on Simultaneous Recovery of Energy, organics and Nutrients and generation of valuable products from municipal wastewater.			
12:00			Break						
13:00	Workshop for YWP "Decision Analysis Processes to Support Wastewater Management and Reuse"	Opening ceremony		Technical session 4 (Nutrient recovery)	Technical session 5 (Hybrid activated sludge processes)	Technical session 6 (Modeling, monitoring and control)	Technical session 10 (Energy recovery)	Technical session 11 (P removal)	Technical session 12 (LCA and carbon footprint)
14:30		Break		Break			Break		
14:45		Technical session 1 (P recovery)	Technical session 2 (Deammonification - anammox)	Technical session 3 (Process intensification)	Technical session 7 (Recovery of valuable organic products)	Technical session 8 (Photoprocesses in wastewater treatment)	Technical session 9 (Water reuse and emerging contaminants)	Closing ceremony	
16:15			Break						
16:30		Workshop Alternatives for phosphorus recovery							
19:00									

All time is in Warsaw Time Zone
